✓ Bottle Filling Station delivers a clean quick water bottle fill and enhances sustainability by minimizing our dependency on disposable plastic bottles. Complete cooler and bottle filling station in a consolidated space saving ADA compliant design. Bottle Filler features sanitary no-touch sensor activation with automatic 20-second shut-off timer.

✓ Touchless, sensor-activated bottle filler, designed for easy use; mechanically-activated bubbler continues to supply water in service disruptions.

✓ Fill rate is 1.5 GPM.

✓ Green Ticker informs user of number of 20 oz. plastic water bottles saved from waste. Laminar flow provides clean fill with minimal splash.

✓ Silver ion antimicrobial protection on key plastic components to inhibit the growth of mold and mildew.

Real drain system eliminates standing water.

✓ Flexi-Guard bubbler provides a flexible antimicrobial mouth guard to protect against injury and microorganisms.
